

Dear Patron

Firstly a heart felt thank you for supporting the Stockport Plaza in the past and also in the future for joining us for our cinema screening, live stage and Café Lounge events.

The Plaza is an award winning charitable trust operated almost entirely by a voluntary team who put in time and commitment to restoring and preserving this art deco gem with no external grants or funding but we need your help!

We are currently looking to 'light up the Plaza' with the restoration of the internal lighting which will bring us another step closer to completing the rebirth of your art deco gem saved by the people of Stockport and beyond a mere 10 years ago from potential demolition.

How can you help?....well....

I am writing to you as part of our appeal to raise £10,000 which will enable us to restore this important piece of the jigsaw that will eventually see a fully restored Grade II\* listed iconic Super Cinema and Variety Theatre in the heart of Stockport serving its community both regionally and nationally for future generations to enjoy.

You have the chance to help us make this a reality by supporting us with a gift that will enable us to complete the works in time for our beloved Plaza's 80th birthday next year....a fitting tribute to everyone's favourite success story.

If you are able to assist us there is a donation form below and if you're a UK tax payer kindly tick the 'gift aid' donation box which enables us to reclaim 25% of every pound donated.

Thank you in advance for any support you are able to provide either now or in the future and I look forward to hopefully welcoming you to your Plaza Super Cinema and Variety Theatre in the very near future

Kindest personal regards

Ted Doan
